## Train the Trainer

On 29<sup>th</sup> of January 2020 TERRE Policy Centre in partnership with Symantec organized a program with name 'Train the Trainer' which was teacher training program for teachers among various schools. This program was organized by TERRE Policy Centre and venue was Sheth Jotiprasad High school, Daund.

100 teachers from various schools attended “**Train the Trainer**” program from Daund District. The Chief Guest was Dr. Ravikumar Chitnis, Professor Vice Chancellor, MIT World Peace University. Dr. Vinitaa Apte, Founder Director of TERRE policy centre, Mrs. Chaitrali Chandolakar, Senior Environmental Journalist (Newspaper) Maharashtra Times Pune was present for the program.

Total 3 Session was delivered during the program which was very helpful for Teachers and their career. It also Helpful for Teacher, so that they teach students in innovative ways. Dr. Ravi Kumar Chitnis talked about Sustainable Development Goals and encouraged them to initiate the environmental activity in innovative ways.

The 1<sup>st</sup> session was taken by Mrs. Chaitrali Chincholkar, Senior Environmental Journalist (Newspaper) Maharashtra Times Pune. She explained the issues and challenges faced by Pune city and nearby rural areas due to environmental crisis in past years, and how teachers can bring change in society by creating awareness among children. She also said that how Media is aware about environmental conservation and Initiative towards Environmental awareness.

The 2<sup>nd</sup> session was taken by Dr. Vinita Apte, where she talked about her National and International experiences in the field of environment. She said, “Students should be taught the environment subject with interesting ways. So they can easily understand the subject. With the easy and small things, let the children think themselves about environmental projects. She also said how, TERRE is working for Environmental Conservations and Its Awareness, what Initiative Taken by TERRE to encourage society. TERRE also launched Book of वसुंधरा उद्याची, a series of environmental awareness-based articles written by Dr. Vinita Apte.

And the 3<sup>rd</sup> session was the last session, which was the training program by Rajkumari Suryawanshi, Project leader, TERRE Policy Centre. She demonstrated Environmental based innovative tools and methods, which can be used by teachers for environment education. This was an interactive session, where teachers also shared their experiences and challenges while teaching the subject and discussed about the best solutions for the same. The session was followed by TERRE Teacher Olympiad, where winning teacher was awarded with certificate. At the end of the training program, TERRE awarded the participating teachers with the participation certificates and 16GB pen drive which contains environmental education data. Mr. Gautam Ovhal was felicitated as a best participant.
